Exploring Sustainable Solutions for Our Cities

### A Step Closer to Greener Cities

The Green Urban Paths (G&PS) project is making significant strides in promoting sustainable urban environments through education, digital tools, and innovative green tourism approaches. With our latest developments, we are more committed than ever to reshaping how urban spaces interact with nature.

#### Final TPM in Ibi, Spain 08-09/10/2024

The last Transnational Project Meeting brought together international partners to review achievements and plan the project's long-term impact. Discussions focused on:

- Finalising Project Results, including the Green Urban Paths Educational Tours and the Digital Hub.
- Ensuring Sustainability, with strategies to extend the project's impact beyond Erasmus+ funding.
- Preparing Multiplier Events in Germany, Italy, Spain, Cyprus, and Denmark to showcase key outcomes.

## **G&PS HUB: an Online Tour and Learning Hub dedicated to promote environmental education and urban sustainability.**

This innovative platform offers:

- Interactive green urban tours across Europe, guided through theatrical storytelling.
- Educational resources tailored for citizens, educators, and urban planners.
- Augmented reality integration for an engaging and immersive experience.

Designed as a dynamic space for knowledge-sharing, the G&PS HUB supports sustainable tourism and lifelong learning. Discover Europe's most innovative green initiatives and take part in the movement towards greener cities!

## **Next Steps**

As we approach the project's conclusion, we invite you to participate in our upcoming Multiplier Events across Europe. These events will feature hands-on demonstrations, expert discussions, and the official presentation of project results.

Stay tuned for detailed agendas and registration links on our website. Don't miss the chance to be part of the movement toward greener cities!
